

# Supplemental Engineering Support

SwitchDesk and Syndesi Solutions join forces to provide you with supplemental engineering support. Get help for major projects, new implementations, heavy work loads, staff changes and more!

- Gain instant access to Microsoft, Red Hat, Novell and Apple engineers
- Our knowledge and expertise are transferred to you and your staff as we work with you
- Save money by utilizing staff more efficiently
- You gain the ability to complete projects and implement new technologies – quicker and more efficiently!
- Knowledge about your system stays with your organization – even if a staff member decides to leave, are re-assigned or promoted
- and so much more!

SwitchDesk and Syndesi Solutions also has many options for Help Desk services to support your end users. Our Help Desk services are a great way to supplement your IT staff or let us do the work for you.

Contact SwitchDesk now to tap into our wealth of knowledge and expertise!
